### SPEAKER REQUEST FORM

The Gullah Geechee Cultural Heritage Corridor was created by Congress in 2006 to promote, preserve and protect Gullah Geechee culture, land and history along the coastal communities of North and South Carolina, Georgia and Florida. Gullah Geechee people are direct descendants of enslaved West Africans who were brought to the region.

We receive numerous requests for speakers. Please complete this form when requesting a speaker for your organization. Thank you for your interest in the Gullah Geechee Cultural Heritage Corridor Commission.
